Date: 2/5/2016

DEEPLY ROOTED – connecting with nature

Linda Kirvan opens her one person show at Gallery 322 with a reception on Frederick's First Saturday, March 5, 2016 from 5 – 9 pm. **DEEPLY ROOTED-connecting with nature**, focuses on her fascination with trees. As an avid plein air painter, trees are often in her field of vision, especially in the Mid-Atlantic region. Trees are a wonderful metaphor for life. Their deep roots and sheltering limbs can relate to many aspects of our humanity. Buffered by the weather and the changing seasons they are in constant flux. Studying the size, shape and personality of individual trees over a number of years has allowed her to explore the different species and connect her more intimately with nature. Rather than portraits, the paintings evoke the energy, soul and spirit of each tree, whether a single specimen or part of a dense forest.

Gallery 322, is located at 322 North Market Street, Frederick, MD 21701, in the heart of the downtown historic district in a charming period building. Gallery 322 is open each weekend in March, Saturdays & Sundays from noon until 5 pm. A special Artists Reception will be held on Sunday, March 13th from 2-5 pm. The show runs from March 5th to March 26th. The Gallery will be CLOSED on Easter Sunday, March 27th.
